### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alan Christenson on September 6, 2005.

The application has been amended as follows:

In claim 6, delete "5" and replace with "1".

In claim 20, delete "19" and replace with "17".

2. The following is an examiner's statement of reasons for allowance.

Referring to claim 1, the prior art does not teach or reasonably suggest a top-down logical undo module coupled to the scope determination module for undoing sub-transactions in an identified scope in a top-down manner.

Referring to claim 17, the prior art does not teach or reasonably suggest performing failure recovery for the inter-enterprise failure includes identifying the failure recovery scope and undoing sub-transactions in the identified scope in a top-down manner.

Referring to claim 21, the prior art does not teach or reasonably suggest that the failure handler aborts a transaction if the transaction is determined to be non-vital to an associated parent transaction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
